

For immediate assistance call: 206-221-5000, Option 9

For general requests email: help@uw.edu

OR go to: www.washington.edu/uwit/cte

Turn on the data projector:

- 1) Press [Power]. The projector will begin to warm up, which will take about 60 seconds.
- 2) Press [Power] twice to turn off.

Adjust Volume:

- 1) The volume dial on the speakers will control **ALL** your source materials.

Laptop:

- 1) Connect the VGA cable to your laptop
- 2) Select [Input] and continue pressing to scroll through the source options until your source image appears

Blu-ray:

- 1) Select [Input] until the source image appears
- 2) Use the controls to navigate the media as needed

Document Camera:

- 1) Turn on the document camera
- 2) Connect the VGA cable to the BLUE RGB output on the back of the camera.
- 3) Press the [Input] button until your source is displayed on the monitor. It may take up to 10 seconds for your source to be displayed.
- 4) Use the controls to zoom and focus on your presentation material
